

Hospital & Healthcare Underpayment Program

100% SUCCESS RATE

We have been successful in 100% of the healthcare billing audits we have conducted. Our team was able to find erroneous billing codes that resulted in underpayments to the hospital network.

100% CONTINGENCY BASED

Our services are offered at no out-of-pocket expense to our clients. We simply bill a percentage of the increased revenue we are able to claim on behalf of our healthcare clients. It's a win-win.

\$6,000,000

123-bed Texas hospital: \$6 million in underpayments through BCBS alone.

\$10,000,000

142-bed Louisiana hospital: \$10 million+ in underpayments for top 4 payors
